Program Performance Budget

Program 744 - Treasury/Cash Management

Program Outcome Statement

Enrich our community by prudent and sound management of the public's money to ensure that adequate financial resources are maintained to meet the City's long term financial needs, by:

- Maintaining effective billing and collection processes for City accounts receivable,
- Investing the City's pooled cash in high quality investments without sacrificing safety of principal,
- Monitoring all revenues collected by all City departments,
- Administering City bank accounts and maintaining all bond issues,
- Auditing all disbursements to ensure compliance with City policies and procedures,
- Collecting and processing Transient Occupancy Tax and Business Licensing Taxes and ensuring compliance with respective ordinances, and
- Managing an efficient cashing system.

So that:

Program Performance Budget

Program 744 - Treasury/Cash Management

SDP Notes

1. 744017-Debt Management - A new activity for Debt Management has been created due to a change in the manner in which products are counted. In Fiscal Year 2002/2003 a product was reported every time a bond statement was reviewed. Bond statements were received and reviewed on a monthly basis. Therefore, 132 products were reported because the City had 11 bond issues at the time.

For Fiscal Year 2004/2005, staff is proposing to report a product for every bond issue the City has outstanding instead of every monthly statement that is reviewed. The City has 8 bond issues outstanding. This change will more accurately reflect the work that Treasury staff performs.

2. 744150-Banking Relationship - A new activity for Banking Relationship has been created due to a change in the manner in which products are counted. In Fiscal Year 2002/2003 a product was reported every time a bank statement was reviewed. Bank statements were received and reviewed on a monthly basis. Therefore, 217 products were reported because the City had 18 bank accounts at the time.

For Fiscal Year 2004/2005, staff is proposing to report a product for every active bank account the City maintains instead of every monthly bank statement that is reviewed. The City currently has 16 active bank accounts. This change will more accurately reflect the work that Treasury staff performs.
